International COLOR AWARDS JOURNAL

Welcome

This issue is a collection of winning photographs from the 10th International Photoshow. The collection is in two parts for faster browsing and download.

Volume 1 Categories

Abstract, Advertising, Aerial, Architecture, Children of the World, Americana, Fashion, Fine Art, Nude.

Awards

Celebrating its 10th year, International Color Awards is the world's leading international award honoring color photography. The program has showcased thousands of photographers from around the world, making it the benchmark by which international color photography is rated.

Note from the Publisher

The Journal was created from requests by photographers who wanted a publication that exhibited the images and artists we work with at the awards. From these requests the Journal was born and is a unique product in today's marketplace as it is 100% artistically driven - showcasing the world's finest professional and amateur photographers.

A group of children, likely from a coal mining community, are shown in a dark, industrial setting. In the background, a bright fire or explosion is visible, casting a glow on the scene. The children are looking in various directions, some with serious expressions. The overall mood is somber and documentary.
